

NEW THIS YEAR AT INPRO!

AMERICAN INDIAN BUSINESS OPPORTUNITY FAIR

September 11 -12, 2008

Pechanga Resort & Casino

Temecula, CA

**Seating is limited!
Register now at:
www.paid.org
no fee to attend**

Two sessions covering hot topics relevant to American Indian Economic Development!

Federal Certifications: 8(a) & HUBZone certifications

The principle of this session is to understand the 8(a) process and its purpose in providing important incentives for agencies to contract with the underrepresented Native community-based enterprises and helping build stronger more self-sufficient Native economies.

Learn from SBA, Prime contractors and Successful Tribal and Native American Owned firms on:

How to properly apply for the 8a & HUBZone certifications.

How to utilize the resources available to be successful in growing your business

To leave this presentation with an understanding of the next steps in building your business and identifying ways to participate in the concentrated Federal procurement market, including innovative teaming arrangements for Native enterprises and other small businesses. Pursue larger contracts by teaming! Some contracts are bundled and set aside for competition among teams of small businesses.

Strategies for Success: Partnering & the American Indian Business Network (AIBN)

**Procurement Fair with exhibitors representing Corporations,
Government Agencies, and Tribal Enterprises ready with contract
and procurement opportunities.**

Who should attend?

American Indian Businesses – Associations – Corporations
Government Agencies – American Indian Tribes and others!
